Re: Athletic Training Coverage for 2004-2005 Athletic Year  
Date: August 8, 2004

We would like to take this opportunity to inform you of the athletic training services that will be available to you when your athletic teams visit the St. Andrews Presbyterian College athletic facilities. The athletic training room is located in the Physical Education Building.

The following modalities and equipment are available for use in the athletic training room:

Ice cups and bags	Electrical stimulation*
2 Whirlpools	Ultrasound*
Hydrocollator packs	
Emergency equipment	

*\* to be used by a Certified Athletic Trainer or by written request*

The following items will be provided for your bench area:

- Water
- Cups
- Biohazard containers
- Injury ice and bags

If it is necessary during the event for one of your student-athletes to be transported to the hospital, there is EMS access and the hospital is 2 miles from campus. A list of important telephone numbers and a campus map are included for your convenience.

If you are sending a student athletic trainer only or no athletic trainer at all and will require modality use or taping services, please send written instructions for each athlete to be treated and the appropriate supplies.

We look forward to working with you and your student-athletes. If you have any questions, please feel free to contact us at 910-277-5273. Best wishes for safe travel and a successful season.
