## Knights Dugout Club

### '11 Knights Dugout Club

The Knights Dugout Club is the only booster program for the St. Andrews baseball program. All money that is donated to the Knights Dugout Club goes directly into the baseball program and is used to enrich the experience of student athletes in our program. In return for your support, Knights Club members will be kept informed of day to day operation of the program, as well as get the opportunity to publicly display pride for Knights Baseball.

### 2011-2012 Goal: Upgrade Locker rooms and Infield

Thank you to all who made it possible to renovate our hitting facility at Clark Field. Our players have taken it upon themselves to start breaking in the new cages which is quickly proving to be a great contribution toward the future success of the St. Andrews Baseball Program.

To further improve the baseball program our staff hopes we can make at least one significant improvement to the field each year. This will benefit the program in many ways. Such as, improve the college

baseball experience for current players and keep talented high school recruits attracted to the St. Andrews baseball program.

Some of the immediate goals our program hopes to achieve this year are a much needed renovation to the locker room. Our current locker room cannot support our new roster size. We hope to expand the locker room and add lockers for the new players. We also hope to make over the infield which includes laser grading and many loads of dirt to make a much flatter, safer surface for the players during competition and practice.

All contributions are greatly appreciated. If you have any questions about the Knights Dugout Club or our current goals please do not hesitate to contact me.

Thank you for your consideration and support.
