

Military Deployment

It is the policy of St. Andrews Presbyterian College to support its students engaged in active duty, reserve, or National Guard military service. In furtherance of this support, the College:

- Will provide assistance and guidance through the Associate Dean for Academic Affairs and the Associate Dean for Adult and Extended Programs to assist students receiving orders for military deployment.
- Will counsel with students to determine whether orders received require adjustment of course schedules, rescheduling of final examinations, requests for grades of Incomplete, or withdrawal from St. Andrews.
- Will, under normal circumstances, readmit students who have withdrawn in good standing for military service who request readmission within two years. Requirements for completion of an Application for Readmission and payment of Reapplication fees are waived.
- Will, under normal circumstances, consider for readmission students who have withdrawn in good standing for military service who apply for readmission more than two years after their withdrawal. The Application for Readmission must be completed, but readmission application fees are waived.
- Will evaluate academic credits earned by the student during her/his absence from St. Andrews and will give credit in accordance with current College policies.

Specific guidelines for students facing deployment or other military obligations may be found on the St. Andrews website at <http://www.sapc.edu/military>
