

Pass-Fail Grading Option

Students with junior or senior standing may select a total of two elective courses to be graded on a pass-fail basis. Courses which fulfill requirements for a student's academic major or any courses in a student's major program/discipline may not be selected for the pass-fail grading option. Students may not select courses with the designation SAGE or WRT and courses in the General Honors Program to be taken pass-fail.

Students who wish to select a course to be graded pass-fail must do so by completing the appropriate form in the Registrar's Office during the time period listed on the College academic calendar. The Pass-Fail Grading Option is not available in courses offered through the Center for Adult and Professional Studies.

With the approval of the Curriculum and Assessment Committee (CAC), certain courses may be designated as pass-fail for all students enrolled in the course. SAGE 381 is an example of such a course. Courses that are designated as pass-fail for all students enrolled in the course do not count among the two courses an individual student may choose to take on a pass-fail basis.
