

Transcript Evaluation

Transfer credits from other regionally accredited institutions will be granted in full, provided that the courses taken correspond to work offered at St. Andrews. Courses passed with grades of C- or below are accepted in transfer only if the student's overall GPA is 2.0 or above. A maximum of 65 credits may be transferred from a two-year and/or technical college; a maximum of 90 credits may be transferred from a four-year institution or from a combination of the two. Final authority for transcript evaluation rests with the Office of the Registrar. It is the prerogative of individual departments to decide what previously taken courses will count towards a major or licensure program. Students are responsible for conferring with their academic advisors to determine the most appropriate means of satisfying major/licensure requirements.

St. Andrews Presbyterian College and the North Carolina Community College System have an articulation agreement. An incoming transfer student who has earned an Associate in Arts or Science from a member of the North Carolina Community College System may expect to be a junior (up to 65 credits) upon admission if the student's overall grade point average is 2.0 and grades of C or better on all coursework have been earned. New transfers coming from the N. C. Community College System with an Associate in Arts or Science will be considered to have fulfilled our lower-division, institution-wide general education requirements. Students must have an overall grade point average of 2.0 and have earned a grade of C or better on all general education courses. An additional 20-21 semester hours of approved electives may also be transferred, with the same criteria as above. Students that do not complete a degree at a North Carolina Community College but who have fulfilled the General Education requirements will be considered to have fulfilled our lower division, institution-wide general education requirements, provided the student's overall GPA is 2.0 and all coursework has earned a grade of C or better. Those students will be awarded credit for any general education course.

St. Andrews Presbyterian College is under no obligation, legal or otherwise, to accept academic credits of any institution except under reciprocal agreements.
