Interdisciplinary Majors

St. Andrews offers seven interdisciplinary majors, each administered by a separate committee composed of faculty drawn from pertinent academic departments. The interdisciplinary major takes advantage of the distinctive strengths of the faculty and of the curriculum at St. Andrews. By bringing together the teaching expertise of faculty experienced in their fields of specialization, interdisciplinary majors offer students a balanced and diverse set of courses, advising and career services. Each of the interdisciplinary majors prepares students for further advanced studies or more immediate employment prospects; both of which may bridge traditional boundaries and demand new ways of learning and applying new knowledge.
